

COLLEGE OF WAREHOUSING

TLI 50415 Diploma of Logistics – Online Learning

Today's Logistics Managers operate in a demanding environment and are regularly challenged to meet an operating budget, productivity benchmarks, compliance with legislation, industrial relations and other complex decisions. To achieve this, you must be dynamic in decision making and task application. Changes in the economic climate have accelerated the need to find innovative solutions. The Diploma of Logistics Management provides decision making skills and techniques in most aspects of supply chain management.

Training Arrangement The 15 units of competency are delivered online. Recognition of prior learning (RPL) or Credit Transfer (CT) is available to students who can demonstrate competency in these units. There are practical components, so employment or access to a workplace is required.

Financial Incentives Government provided financial assistance is not currently available for this course. Courses that form part of a student's employment can be claimed as a tax deduction.

Fees for Course This program is delivered in three blocks to complete the full diploma qualification;

- **Block 1 (5 units) \$930**
- **Block 2 (5 units) \$930**
- **Block 3 (5 units) \$930**

Total course fees: \$2790.00. Please read our refund policy that is provided in our student induction and information pack.

Program Content 15 Units Required This program requires the successful completion of 15 units of competency comprising 2 core unit, 7 technical units and 6 elective units. The amount of training required for a Diploma will depend on existing knowledge and skills and if you have underpinning qualifications or training in your current or past employment. The duration of the Diploma is 1 to 2 years. VET indicates 430 – 1330 hours for a Diploma to cover theory, research, sourcing documents, analysis information, reinforcing by practical application and preparing and submitting your assessments. Support is available from the College by phone, email, and physical contact with student administration or Trainers.

Credential Upon the successful completion of 15 units, the College of Warehousing will issue a Diploma of Logistics TLI50415. This is a nationally recognised qualification.

Contact **The College of Warehousing** offers training online throughout the year. Contact us now to register your interest in this program or have a representative call you.
